

Christmas Tree To Feature Party Of Girls' Glee Club At High School

THIS afternoon, at 1230, members of the Girls' Glee Club will give a party in the gymnasium at the high school. Several members of the faculty will be guests of the affair. A large Christmas tree will be arranged in the center of the gymnasium and green and red decorations will carry out the Christmas colors. Each girl will bring a present to put on the tree, and after the party, the tree and presents will be sent to the hospital home for the sick children of the city. Several musical numbers have been arranged, including a piano solo by George Leland, Miss Barbara Worcester will sing accompanied at the piano by Mr. Dand, Miss Elizabeth Graham will give a skit, and dancing during the afternoon will be a feature of the party.

Wednesday at 2 o'clock at the Women's club, the literature department, under the direction of its chairman, Mrs. A. S. Peckham, will hold its program. Dr. Dwight Bradley will pre-

To Eat or Not to Eat

Dyspepsia Often Faces This Problem Three Times Daily — Not So If They Once Get Acquainted With Stuart's Dyspepsia Tablets.

Indigestion with gas, sour rising, belching of wind, feeling as if a

lump of lead in the stomach and such distress makes one ponder as to the advisability of eating. But that is a wrong method. A better and safer plan is to be regular at meals, to eat what is natural, to be fastidious, and follow the meal with a Stuart's Dyspepsia Tablet. It is a had practice for most people to go against nature by depriving the system of what it must have—food, to keep going. Once you learn how you may eat without effort or fear by using Stuart's Dyspepsia Tablets, there is little likelihood of your ever feeling either that miserable kind of nervousness or any other discomfort and out-of-balance company. Get a box of Stuart's Dyspepsia Tablets at any drug store in the United States and Canada and thus eat and be merry.

Give The Brunswick

—More Than Mere Phonograph

Base your decision on the quality of the tone and you'll surely choose right. Your selection, like that of unnumbered thousands, will be The Brunswick. Not because we say so, but because a demonstration on this super instrument will convince you.

Method of Reproduction

By the Brunswick Method of Reproduction a true, richness and richness are given to tone that cannot be duplicated in other instruments. This method consists of the Ultona and the Tone Amplifier.

The Ultona

A simple contrivance, makes it possible to play all records at their best. Thus you are no longer restricted to the artists of one producer. Diaphragm and needle are as one on the Ultona, yet the Ultona is not complex.

The Tone Amplifier

As the tone waves are carried by the needle to the diaphragm, they travel on to this vibrant tone chamber. It is oval shaped, made entirely of wood and free from metal. The resilient wood expands and contracts with the tone waves, building them up and projecting them stronger and clearer. By it a new beauty is brought to all records.

A Brunswick Concert to Revive Tired Shoppers

During the holiday season we are conducting individual concerts on The Brunswick. Drop in at a convenient interval during the day. Listen to The Brunswick play your favorite records. Perhaps the idea will suggest itself that a Brunswick is to be your choicest gift.

AMERICAN FLAG GOES BACK TO 41 TRADE PORTS

Washington, D. C., Dec. 14.—The American flag has been restored to 41 of the world's great ocean routes, the shipping board reports in its annual report to congress. Most of the ships are plying trans-Atlantic and South American lanes, the report said, but some of them are in waters where the Stars and Stripes had not been seen on commercial vessels for more than a generation. Distribution of the government fleet of 123 vessels, representing 4,191,000 tons, shows 22 vessels in the northern Europe trade. The trans-Atlantic trade was next with 191 ships of 7,284,537 tons engaged in the food rolled service and 178 ships with a tonnage of 3,175,671 were still in use by the army on June 30 last. Another 143 vessels were engaged in the South American trade, 13 going to Brazil, 12 to La Plata and 22 to the west coast of South America. Sixty vessels were making regular sailings to southern European ports, 24 to Africa, 6 to India, 7 to the Pacific, 10 to the West Indies and 14 in the coastwise and New England canal trade. The total gross revenues for the year were approximately \$50,000,000 as compared with \$10,000,000 for 1911, showing the profit or loss available. Expenditures totaled \$5,513,087,000 compared with \$1,034,000 for 1911. \$1,571,357,978 being for ship construction. Next heaviest was for inventory of materials amounting to \$177,774,000 and plant and property expenses were placed at \$167,745,000. Vessels of the 13,000, 11,500 and 10,000 deadweight tons class will be the most efficient to meet modern trade requirements, the report said, and provision for steaming radius of 12,000 nautical miles has been made in new American ships. The program for the establishment of oil fuel stations calls for tank facilities at St. Thomas, Virgin Islands; Honolulu, Manila, Peking, Yokohama, Kobe, Osaka, and Constantinople.

PLAN NEW CONSTITUTIONAL GOVERNMENT FOR EGYPTIANS

Washington, D. C., Dec. 14.—Great Britain's plan for establishing a constitutional form of government in Egypt are set forth in an official statement made by Lord Curzon, British minister of foreign affairs, which has been received here. Objects of the British mission, which goes to Egypt to arrange the proposed new government, are described in the statement. The British foreign secretary announced that it is the intention of the British government to establish the largest measure of self government for which Egypt is believed capable at this time. He stated that the British mission is not authorized to impose a constitution on Egypt, but rather to study the situation and confer with the native leaders.

IS PROMOTING A TRUCK PLANT FOR THE VALLEY

F. M. Woodard is in El Paso promoting a truck factory for the lower valley. An option has been taken on a piece of land between El Paso and Taft, it is announced, near the intersection of the G. H. & S. A. tracks. The Frontier Manufacturing company is the name of the new concern, and offices have been located in the Trust building. The Frontier four-wheel-drive truck is to be the name of the product turned out. It is the announced plan to build the machines entirely in "the valley plant."

PROBE ALLEGED LEAKS ON SUPREME COURT DECISIONS

Washington, D. C., Dec. 14.—An investigation has been made by the department of justice that an investigation was being made of reports of alleged "leaks" on supreme court decisions by which speculators had attempted to profit in stock market transactions. A statement dictated by Capt. Burke, chief of the department of investigation, referred to a trip to Washington by the national news service of New York, who consulted chief justice White, of the supreme court, regarding alleged leaks on decisions. Chief justice White, the statement added, then came to judge Ames and asked him to investigate a report by Mr. Ames that a friend had talked to him and had said that he had been au-
